AHURIRI REGIONAL PARK MASTERPLAN

DRAFT ISSUE FOR PUBLIC ENGAGEMENT

STORMWATER

Increase the resilience of the City's stormwater infrastructure network by maintaining and enhancing attenuation on the site as part of a series of initiatives to reduce the impacts of rainfall events on the urban areas of Napier.

WATER QUALITY

Improve the quality of water discharged from the City's urban waterways noting these form part of the municipal stormwater network.

MAURI

To return the mauri back to Te Whanga, enhance and preserve mahinga kai and improve harmony with Papatūānuku.

ECOLOGICAL EXCELLENCE

Promote the re-establishment of native habitat values throughout the site and its interface with Te Whanga and the Taipo Stream.

NATURAL ENVIRONMENT

To maintain a predominantly natural environment.

SIGNIFICANT INFRASTRUCTURE

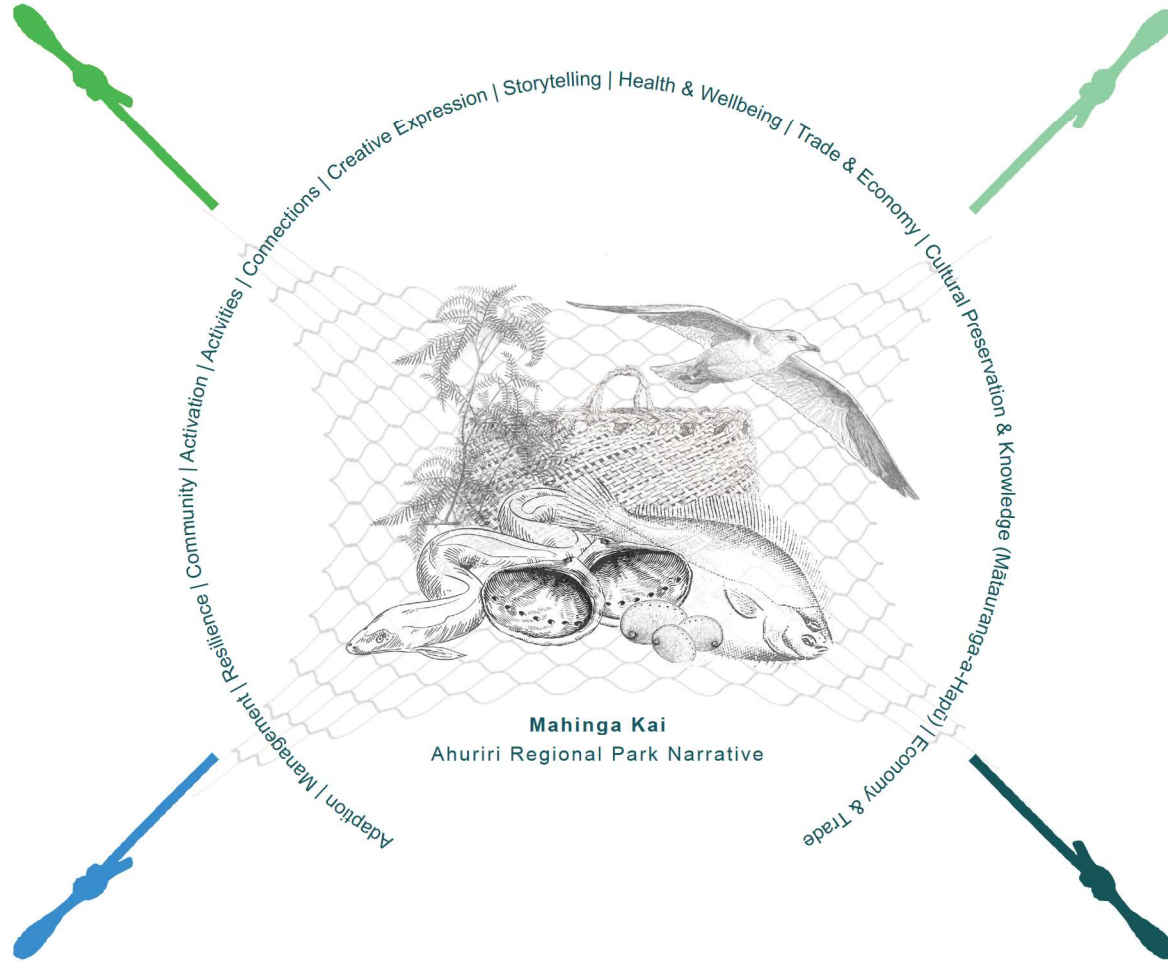

Recognise the functional need of regionally significant infrastructure.

AHURIRI REGIONAL PARK 2050 - CORE PROGRAMS

AHURIRI REGIONAL PARK 2050 - FUTURE POTENTIAL PROGRAMS

- Toilets
- Wayfinding and Cultural Story telling nodes
- Existing waterway link to wetland south of stop bank maintained
- Existing Blokart Hawkes Bay Facility
- Proposed vehicle acces
- Pedestrian/ cycleway

CORE REGIONAL PARK PROGRAMS

- ① Lagoon Farm Treatment Wetlands (Delivered as separate project)
- ② Plant production nursery for on-site use
- ③ Ahuriri Regional Park Waharoa | Entrance
- ④ Te Wao Nui | Regenerating Forest
- ⑤ Regenerating Native Wetland
- ⑥ Naturalisation of existing drain channel
- ⑦ Trail connections to existing cycleway
- ⑧ Island nodes
- ⑨ Landmark pou and interactive wetland play zone
- ⑩ Ahuriri Regional Park Visitor Hub
- ⑪ Discovery + Learning | Play + Sculptural Park
- ⑫ Manuka Plantation
- ⑬ Pa Harakeke flax collection
- ⑭ South Marsh Waka Landing stop and stay area with Lookout platforms and Picnic facilities
- ⑮ Taupo Confluence Waka Landing & lookout tower
- ⑯ Flexible use amphitheatre space
- ⑰ Wool shed Multi use Community Events Centre
- ⑱ Community Foraging Zone and Trails
- ⑲ Regional Park Eco Camp - short stay guests
- ⑳ Pump station Waka Landing & Visitor Kiosk

- Toilets
 - Wayfinding and Cultural Story telling nodes
 - Existing waterway link to wetland south of stop bank maintained
 - Existing Blokart Hawkes Bay Facility
 - Proposed vehicle acces
 - Pedestrian/ cycleway
- POTENTIAL FUTURE PROGRAMS**
(Developed with public + private partnerships and NGOs)
- A** Expansion to Plant nursery for commercial, retail & educational capacity
 - B** Expansion area for active recreational activities
 - C** Whare Pora | Cultural Weaving & Education Centre space
 - D** Freedom camping area
 - E** Accomodation/ Health Retreat Facility
 - F** Development of complementary commercial use area
 - G** Predator Proof Fence (indicative potential alignment only)
 - H** Eco-Sanctuary Main Entrance
 - I** Freshwater research and demonstration ponds (e.g. tuna | eel, kōura | freshwater crayfish)
 - J** Salt water research and demonstration ponds (e.g. Papaka | Crab, Patiki | Flounder, Purimu | Cockles)
 - K** Whare Wananga | Learning & Research Hub
 - L** Te Whanganui-a-Orotu Landmark Gateway Pedestrian/Cycle Bridge.
 - M** Restoring historic bridge connection to north bank

CORE REGIONAL PARK PROGRAMS

- ① Lagoon Farm Treatment Wetlands (Delivered as separate project)
- ② Plant production nursery for on-site use
- ③ Ahuriri Regional Park Waharoa | Entrance
- ④ Te Wao Nui | Regenerating Forest
- ⑤ Regenerating Native Wetland
- ⑥ Naturalisation of existing drain channel
