

# YOUR SUBMISSION ON The Wastewater Treatment Review

**We encourage you to complete the form online at [sayitnapier.nz](https://sayitnapier.nz)**

Alternatively, you can post this form to [Wastewater Treatment Review, Napier City Council, Private Bag 6010, Napier 4142](#) or [drop it off to our Customer Service Centre 215, Hastings Street, Napier](#).

You can use extra paper if you need to or you can attach a document.

By submitting this form to us, you agree to the information in it being shared with an external company assisting us in analysing the submissions. The company will keep this information confidential and it will not be used for any other purpose.

Your name and submission will be published, but your contact details will be kept private.

Your submission form will be treated in accordance with the Privacy Act 2020.

To view our privacy statement, visit [sayitnapier.nz](https://sayitnapier.nz)

**Submissions close 5pm, Sunday 10 August 2025**

## Your details:

Full name:	
Daytime phone number:	
Email address:	
Address:	
Postal address (if different from above):	
If you are submitting on behalf of a group/organisation, please give its name here:	

**Please give us your feedback on the following page.**

**1. Do you know how wastewater is treated in Napier before it is released back into the environment?**

- ☐ Yes, I know all about Napier's wastewater treatment process
- ☐ No, I don't know what happens to wastewater in Napier
- ☐ Sort of, I don't know specifics about the methods used to treat wastewater in Napier

**2. Napier's wastewater is currently treated using a two-stage process: wastewater first passes through milliscreens to remove solid waste and is then treated using biological trickling filtration before being discharged into the environment.**

**This process generally complies with the level of treatment required to discharge treated wastewater back into the environment.**

**Do you feel the current level of treatment is sufficient?**

- ☐ Yes, the current level of treatment is sufficient
- ☐ No, we should invest in a higher level of treatment

Comments:

**3. Exploring new and innovative wastewater treatment technologies could lead to a healthier environment and reduced impact on Hawke Bay. How much of a priority do you think this should be for Council in the future?**

**Please select the level of priority you think this should have:**

- |  |  |   |
|--|--|---|
| <input type="radio"/> 1 = Not a priority | <input type="radio"/> 2 = Low priority | <input type="radio"/> 3 = Moderate priority |
| <input type="radio"/> 4 = High priority  | <input type="radio"/> 5 = Top priority |   |

**4. Would you like to be involved in more conversations about the treatment of wastewater in Napier?**

- ☐ Yes
- ☐ No

**Do you have any other comments you would like to contribute to the Wastewater Treatment Review?**
